CAP-1752

Stellar LED Light Beanie

acrylic rib knit

- removable light panel with 4 x super bright LEDs
- 3 brightness settings
- battery operated: 2 x CR2032 (included)

FORGET HEAVY HEAD TORCHES!

The super bright LED lights built into the Stellar removes the need for uncomfortable torches, with the added practicality of keeping your head warm under a cosy beanie!

The 4 super bright LED lights, fitted in 1 light panel, can be switched between 3 brightness settings.

The panel is also removable, for a more stylish look during the day, or simply to put through the washing machine.

Practical for sports, walking, camping and all other outdoor activities, the Stellar is a great way to stay safe and warm.

DIGITAL TRANSFER PRINTING

EMBROIDERY

BRIGHT AND VIBRANT COLOURS

Digital Transfer Printing provides access to the full spectrum of colours. Whereas Embroidery is limited to a relatively small number of thread colours. Harnessing the true power of colour, Digital Transfer Printing produces high-impact, results.

DIGITAL TRANSFER PRINTING

PHOTO-REALISTIC RESULTS

Digital Transfer Printing delivers pixel-sharp, photographic quality. Enhance your marketing campaigns by incorporating images that traditional Embroidery simply cannot replicate.

HAND FEEL

Run your hands across a Digital Transfer Print and you will instantly feel the difference.

Once applied to a product, the Digital Transfer Print has no raised edge or thick texture to it.

The hand feel of a Digital Transfer Print feels more like a Sublimation than a traditional Heat Transfer and is super-lightweight to wear.

PRICE

When Screen Printing a logo containing multiple colours you are charged a setup cost per colour. Digital Transfer Printing only has one setup cost, no matter the number of colours, making it an extremely cost-effective solution for multi-colour logos.

With our extensive range of promo basics, everyday-essentials and corporate apparel providing the perfect canvas, you'll be able to take advantage of our state-of-the-art Digital Transfer equipment when promoting your brand, be it for a conference, staff uniform or summer marketing campaign - knowing that any artwork can be reproduced in full colour and detail, at a relatively inexpensive price,

DIGITAL TRANSFER PRINTING IS SURE TO BECOME A FAVOURITE CHOICE WHEN YOU REQUIRE HIGH-IMPACT RESULTS.

WITH HIGH RESOLUTION PHOTO-REALISTIC RESULTS

you'll never have to compromise on your artwork again!

DIGITAL TRANSFER PRINTING

EMBROIDERY

FINE DETAIL AND SMALL TEXT

Whilst a traditional favourite, we all know that Embroidery has limitations. Text smaller than 5mm often closes up and is practically illegible. With Digital Transfer Printing small text won't close up and text as small as 1mm will be legible.

DIGITAL TRANSFER PRINTING

HEAT TRANSFER

When compared to Heat Transfer, no weeding is necessary (heavy, solid blocks are not required behind text and images).

Digital Transfer Printing is super-lightweight to wear and has flexible characteristics that allow the print to stretch with the garment.

DIGITAL TRANSFER PRINTING

EMBROIDERY

GRADIENTS AND SHADING

Digital Transfer Printing offers the ability to reproduce artwork with gradients and shading, delivering results with a new sense of depth as compared to the flat solid colours associated with Embroidery.

There are four primary characteristics that make DTC a true branding revolution!

DIGITAL TRANSFER PRINTING ON CLOTHING:

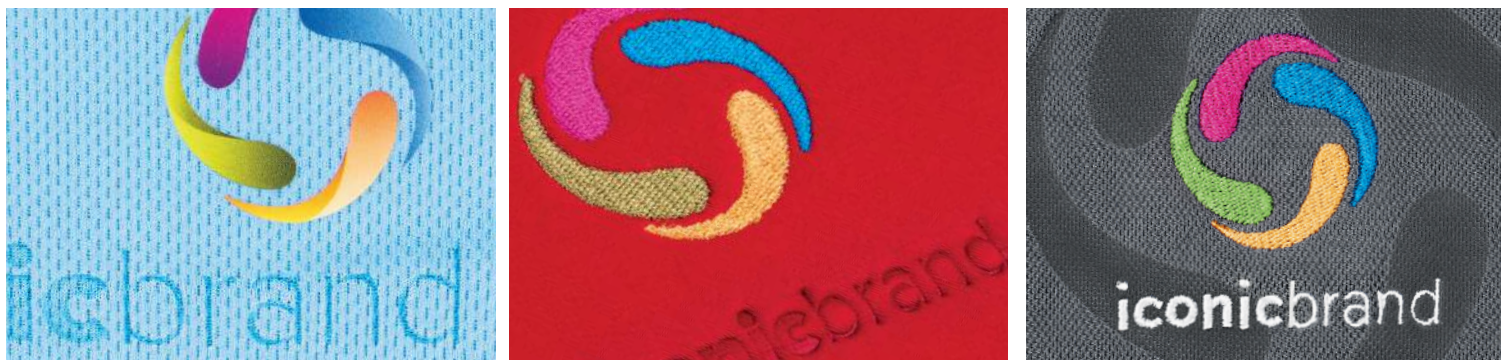

- is soft-touch and super-lightweight to wear
- has flexible characteristics and stretches with the garment
- has only one setup cost no matter the number of colours
- offers long-lasting results

OUTSIDE-OF-THE-BOX BRANDING SOLUTIONS

COMBINATION BRANDING

With our multi-method-multi-position branding capabilities and your creativity, our range provides the platform for you to have some fun: **IT'S YOUR BRAND, DO IT YOUR WAY.**

1. Pair the vibrant colour of next generation Digital Transfer with the subtlety of Laser Etching for a distinctive branding effect.
2. Pair the traditional method of Embroidery with the subtlety of Debossing or Laser Etching to make a bold statement that cannot be ignored.

PRIVATE LABEL

Select T-Shirts from our collection feature tear-away labels (that can easily be torn off the garment without ripping the fabric) so you can brand your apparel with your own logo.

Whether it's for a department in a major corporation, a trade show or the annual company picnic, printing your logo (up to 6 colours) on the inside neck adds a special custom touch that recipients are sure to notice.

OUTSIDE-OF-THE-BOX BRANDING SOLUTIONS

DEBOSSING

A logo is pressed into the surface of a garment using heat and pressure to create a permanent stamped impression.

This branding process is both subtle and classy, resulting in a unique tone-on-tone look and is a great choice for waterproof garments.

LASER ETCHING

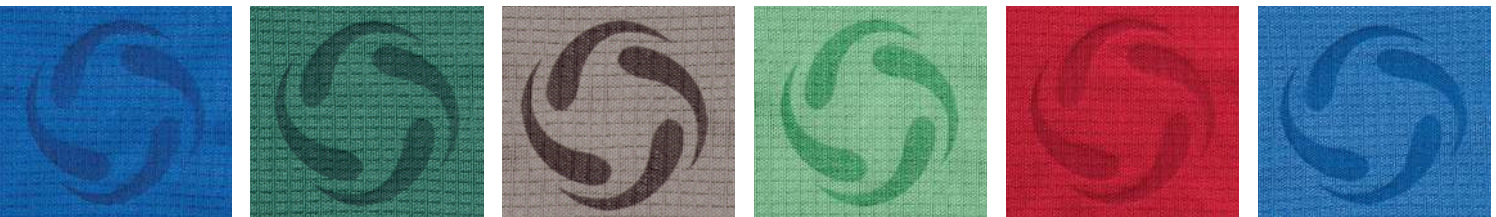

Using a state-of-the-art laser, the dye from the material surface is removed from a garment by way of a Laser Etching technique, creating a modern tone-on-tone look which cannot be replicated by any other process.

This process creates highly detailed images/logos across zippers and over buttons and seams without damaging the garment or compromising the integrity of waterproof material.

As depicted below, the result and clarity of laser may vary depending on the colour, style and material of the garment.

To illustrate the variance, we branded the same logo on 7 different colours of the same garment.

Given the less-than-desirable outcome (as seen on the swatch to the left) we do not offer Laser Etching on certain garment colours.

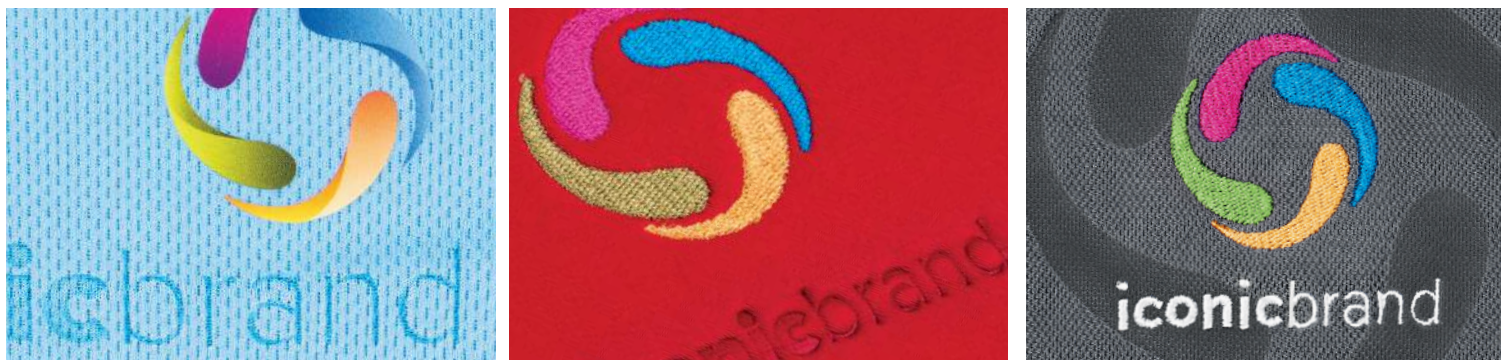

Laser-ready styles in the catalogue are denoted by  at the top of the applicable page.

TRADITIONAL BRANDING SOLUTIONS

EMBROIDERY

Embroidery is the art of decorating fabric with designs stitched in strands of thread. Embroidery machines are driven by computers that read digitised Embroidery files created by special software.

The machines automatically create a design from a pre-made logo that is inputted into the machine. Logos can be embroidered in up to 9 different thread colours. This process is ideal for textiles and fabrics and provides a permanent and upmarket branding solution on the product.

SCREEN PRINTING

Screen Printing is the process whereby a logo is transferred onto a garment via a mesh screen.

This method provides excellent coverage and is especially good for large and bold logos. Colours are printed one at a time so accurate registration is essential.

Screen Printing allows up to a 6 colour print and is a popular choice for branding t-shirts and caps.

SUBLIMATION PRINTING

A full-colour digital image is printed onto specialised paper using specialised inks. The paper is firmly adhered to the garment surface and when heat is applied to the image on the paper by way of a heat press machine, the ink on the paper is transformed from a solid to gaseous state, infusing with the fibres of the garment at a molecular level and permanently bonding the image to the garment.

This process is suitable for polyester-based apparel and other synthetic materials and works best when applied to white garments. Since it's a digital print any fine detail in the image can be replicated with great clarity.

OUTSIDE-OF-THE-BOX BRANDING SOLUTIONS

DIGITAL TRANSFER TO CLOTHING

Digital Transfer to Clothing is a process by which a digital image is printed onto specialised transfer paper. The transfer is then applied to the garment using a heat press process. Specialised digital printing machines use liquid ink instead of toner ink to ensure long-lasting flexibility and durability of your logo.

This process, using state-of-the-art technology, creates vibrant, photo-realistic results and is the perfect choice for fine detail and full colour logos.

WHY SHOULD YOU BRAND?

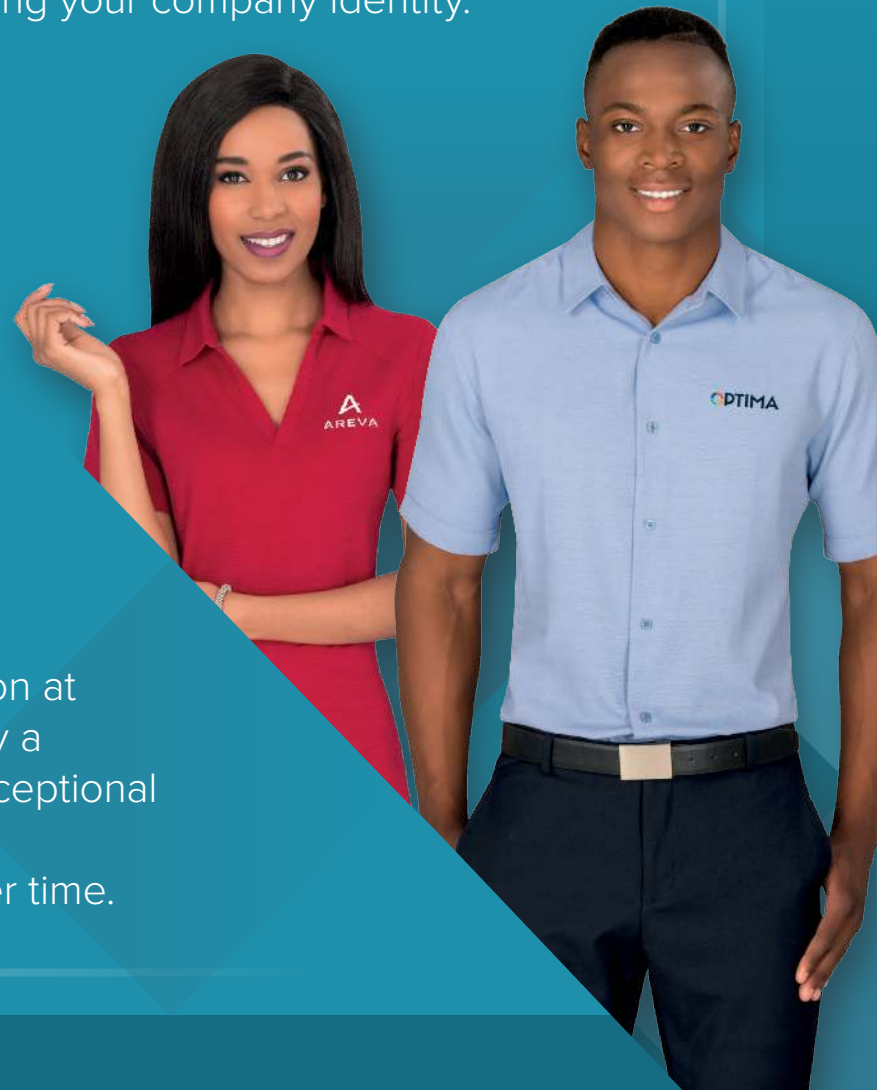

The essence of promotion is to make your mark on customers. Our apparel is designed to enhance your brand and leave a lasting impression.

By giving promotional garments that have been attractively branded with your company's unique logo or message, you place yourself at the forefront of the recipient's mind, especially when they're looking for the product or service you provide. Moreover, by wearing an imprinted jacket, t-shirt or other choice item, that person will become a relatively low-cost, walking billboard, showcasing your company identity.

Quite simply, when it comes to marketing, few strategies are as effective.

PARTNER WITH US AND WE'LL WORK JUST AS HARD AS YOU TO MAKE YOUR BRAND LOOK MEMORABLE.

We provide the best product selection at competitive prices, a total-solution by a professional, dedicated team and exceptional branding know-how to ensure fast, consistent, reliable delivery, time after time.
